Section 1

Message from the CEO

At least once a month, I am asked why I started Blue Dragon Children's Foundation.

My answer is always the same. Back in 2002, while living in Hanoi, I met street kids who needed some help to turn their lives around. I was here, I could help, and so Blue Dragon was born.

Despite the passage of time, the vision and mission have not changed. Now Blue Dragon employs more than 40 staff and reaches over 1100 children in different parts of the country; but our essence remains the same. We're still here to help the kids who need a chance in life.

Blue Dragon kids are from a variety of backgrounds. Some have lived on the streets; some have been in prison; some have been enslaved in brothels or factories. Apart from these differences, they share dreams and hopes for a future in which they can make their own decisions and speak up for themselves.

No matter how big or small Blue Dragon becomes, no matter how many kids we reach from year to year, that simple vision will not change.

Michael Brosowski
Founder and CEO
Blue Dragon Children's Foundation

Section 2

Who we are

Blue Dragon is a grassroots foundation working with kids in crisis throughout Vietnam.

With education at the heart of everything we do, Blue Dragon sets out to transform the lives of the poorest children and families.

Our kids come from many backgrounds, but all are in difficult circumstances and need a chance to make a change.

We meet the kids on the streets, or at their workplaces, or in their homes, and work with them until they can stand on their own feet, and live happy, prosperous lives.

Our range of services to children includes:

- *Social Work* – making individual plans and monitoring children's progress.
- *Child Rights Advocacy* – standing up for kids when they are in conflict with the law.
- *Psychological services* – offering counselling and group therapy to help kids deal with issues such as anger management, grief, and behavioural problems.
- *Career guidance* – helping teenagers and young adults as they choose their career path.
- *Accommodation* – giving kids a place to live in a healthy family environment.
- *School fee relief* – enabling the poorest of the poor to afford a basic education.
- *Vocational training* – offering opportunities for older teens to explore vocational courses, from computing to cooking.
- *Employment counselling* – helping teens to think about their futures, and supporting them to find good jobs.
- *A Drop-in Centre* – providing a safe haven for children to play and learn.
- *Creative therapy* – engaging kids through drama, art, music and dance.

Blue Dragon achieves its aims utilising professional Vietnamese staff and long-term international volunteers.

We see the girls and boys as part of our extended family, and we care for them accordingly.

Section 3 Our history

September 2002	Three friends start meeting street kids in Hanoi and offering classes in English, maths, art and yoga.
January 2003	Soccer for street kids begins. The team, called <i>Real Betis Vietnam</i> , meets every Sunday morning.
February – December 2003	The idea for founding Blue Dragon as an official charity grows. About 40 street children receive support from volunteers to return to school and employment.
March 2004	Blue Dragon is registered as an Incorporated Association in New South Wales, Australia.
August 2004	Blue Dragon's <i>Stay In School</i> program is launched, initially supporting 75 rural children in Bac Ninh province, north of Hanoi.
November 2004	Blue Dragon is registered as an Independent Non-Governmental Organisation in Vietnam.
March 2005	Blue Dragon opens a combined office / centre near Long Bien market in Hanoi.
May 2005	<i>Step Ahead</i> , Blue Dragon's program for street children and children with disabilities, is launched as a pilot project.
January 2006	<i>Step Ahead</i> opens a drop-in centre in Hanoi.
October 2006	A residence for homeless children is established in Hanoi.
August 2007	Blue Dragon starts working at the <i>Hoi An Children's Home</i> .
September 2007	Blue Dragon moves to a new location in Hanoi, with a combined office, drop-in centre, and learning centre.
April 2008	Launch of <i>Safe And Sound</i> , an anti-trafficking program based in Hue.
January - August 2009	Blue Dragon's anti-trafficking work gathers pace, attracting media attention and community support.
March 2010	Blue Dragon rescues 3 kidnapped girls from China. Blue Dragon Children's Foundation International is formed as a not-for-profit company in Australia with a Board of Directors.
January 2011	The number of trafficked children rescued passes 100.
May 2011	Blue Dragon's Founder is named a <i>CNN Hero</i> .

Section 4

Our way

Our Mission

To provide opportunities and tools that empower the most disadvantaged children and their families to break out of poverty, forever.

Our Philosophy

Blue Dragon works according to the following ideals:

- *Respect, not pity:* The children we work with are treated with at least the same respect that we would treat our own sons and daughters, brothers and sisters.
- *Development, not charity:* Our work is to help children develop fully as they grow, through providing a broad range of experiences and opportunities. Rather than simply provide a handout, we provide a hand up for those who choose to better their circumstances and themselves.
- *Empowerment, not dependency:* Our role is to provide opportunities for children to pursue as individuals, rather than to force our views or values on to the children.
- *Collaboration, not control:* Our staff work alongside the children and their families, so that the beneficiaries are involved in all stages of our programs, rather than simply being recipients of charity.
- *Massive interventions, not quick-fix solutions:* We tackle the problem of poverty from every angle, rather than focusing on one obvious cause or effect. Our interventions may take years, as we persist until we are successful.

Our Values

- Blue Dragon cares for the children in our programs. They are a part of our extended family, and not just program beneficiaries.
- Blue Dragon provides safe shelters for children who need a place to escape turmoil.
- Blue Dragon treats the children with the greatest of respect and we include them in every part of our planning.
- Blue Dragon sees children as individuals, with their very own needs, dreams and personalities.
- Blue Dragon hopes that our children will grow up to share our values and concerns for those who are disadvantaged.

Messing around on Blue Dragon's trip for excellent students

Section 5

Our programs

Program 1: Step Ahead

Location: Hanoi

Local Partner: Hanoi Association for the Relief of Handicapped Children

Who we serve

Step Ahead supports around 300 highly disadvantaged children and teens living in Hanoi. Most are street kids or living with families affected by drugs, crime, or poor health. Approximately 30% of *Step Ahead* children have a physical or mild intellectual disability.

What the program offers

Each child in *Step Ahead* has an Individual Assistance Plan created through a process of negotiation between Social Workers, the child, and the child's family or caregivers (if any). Individual Assistance Plans take into account all of the children's needs, with the long term goal of enabling each child to break out of poverty, forever.

Step Ahead operates a Drop-in Centre, a shelter, as well as a host of outreach and social activities specifically for street children and children with disabilities.

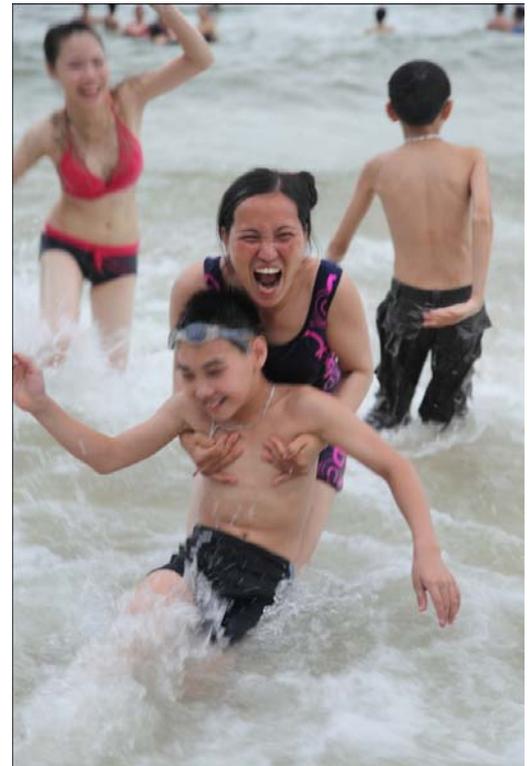

A defining feature of *Step Ahead* is its diverse range of services including: school fee relief; psychology groups and counselling; tuition and homework assistance; arts and crafts; social activities; certified computer courses; classes in health and sexuality; and nutrition. Children and young people receive support according to need, rather than a 'one size fits all' approach.

Step Ahead in 2010 - 2011

The demographics of *Step Ahead* are changing: the majority of the children in the program are now aged over 15 years old, but the drop-in centre is hosting more children aged nine and under than in previous years.

During 2010-2011, *Step Ahead* developed several services that are important to the program. In particular:

- Psychosocial services and career guidance for teens, managed by a full time psychologist in the role of Education Coordinator.
- An increased emphasis on education and training services. The number of *Step Ahead* beneficiaries being accepted into tertiary education

Splashing around on the trip for children with disabilities

continues to rise with 17 students currently studying at university. Another 20 study various vocational training courses, and 150 are in school. In September 2010, three *Step Ahead* participants accepted scholarships at an international college in Auckland, New Zealand.

- A renewed focus on Outreach to Hanoi's street kids. During the year we reached 100 new children through Outreach, and to sustain this growth we ran a fundraising appeal in May and June 2011 to hire new staff and expand the newly formed Outreach department.
- Continued improvement in counselling and support services to families. Two separate meetings for parents and carers each attracted over 120 participants.

Future plans

Before 2013, the *Step Ahead* centre will most likely have to relocate to new premises, which poses a significant challenge, as well as an opportunity to review our activities and structure.

The program's Outreach department will continue to grow, and this means the entire program must be ready to take in new children needing support, medical treatment, shelter, and so on. A new focus on trauma and psychological interventions is required to more thoroughly meet the needs of the young people who come to us through Outreach.

With the number of young people aspiring to tertiary education growing each year, *Step Ahead* must establish a staff position dedicated to supporting senior students in their final years of school and into university or college. At the same time, staff need to seek out more opportunities for Vocational training and employment.

And finally, the program needs to invest in the next generation of staff to assist disadvantaged children. This means that we must find avenues to provide training, internships, and student placements whereby university students, volunteers, and newly graduated young adults can develop their skills in working with street children and children with disabilities.

Listening attentively at Blue Dragon's monthly gathering in Hanoi

Program 2: Stay In School

Location: Bac Ninh Province

Local Partner: Bac Ninh Red Cross

Who we serve

Stay In School is a service to children in Yen Phong and Thuan Thanh districts of Bac Ninh province in northern Vietnam. The program provides targeted support for students in Grades 5-12 from financially disadvantaged families, as well as orphans, young people with disabilities, and families affected by HIV/AIDS.

In the 2010-2011 year, 589 students across 22 schools received support.

What the program offers

Inspiration for the *Stay In School program* came from Blue Dragon staff working with street kids in Hanoi. It was noticed that nearly all of the children working on the streets were from rural areas and had dropped out of school because of poverty. The idea came about that we should find a way to reach children while they were still with their families in the countryside, before they quit school to become street kids.

Each child in *Stay In School* receives support to enable them to attend school. Blue Dragon provides all school equipment – including a school bag, text books, note books, stationery, and school uniform – and pays school fees and insurance directly to each school. Apart from material support, *Stay In School* provides encouragement to the children and their families, such as:

- An Opening Ceremony to celebrate the start of each school year (August).
- A Tet (Lunar New Year) celebration in which all program participants receive gifts (February).
- A Closing Ceremony to celebrate the results of the students and all the activities of Blue Dragon in the year (May/June).
- Bicycles for children living far from school.
- Teaching facilities for financially disadvantaged schools.
- Occasional workshops for students on topics such as human trafficking and drug use.
- A limited number of tertiary scholarships for Year 12 graduates.

***Stay In School* in 2010-2011:**

During this period, the program:

- Supported 589 students, up from 380 in the previous year.
- Continued supporting two university and college students.
- Provided 29 bicycles to students.
- Organised a workshop about heroin for 33 students.
- Built two houses for families.

- Provided teaching facilities for five schools.
- Gave two sets of tables, chairs and lamps for program beneficiaries.
- Organised a day-long art activity for students.
- Provided nearly 1000 books for a school library.
- Provided 1,344 cartons of milk for students.

Future plans

Over the coming year, *Stay In School* is aiming to:

- Expand to six new schools.
- Expand the program to reach a total of 750 students.
- Introduce up to 10 new scholarships to tertiary students.
- Build one library and two toilets in three schools.
- Build a house for a family.
- Organise 1 workshop about careers for senior students, and 1 about child labour for commune officials.
- Provide 50 bicycles to the students.

Schoolkids in Bac Ninh are happy to receive new bicycles to help them get to school

Program 3: Hoi An Children's Home

Location: Hoi An Town, Quang Nam Province

Local Partner: Quang Nam Union of Friendship Organisations

From 2007 to 2010, Blue Dragon worked at the Hoi An Children's Home, effectively running the Home for 30 children from disadvantaged families around Quang Nam province.

As planned, we handed the Home over to a locally based organisation in 2010: Children's Hope In Action (CHIA), which now runs the Home and provides for the residents.

Although CHIA is fully responsible for the Home, Blue Dragon Children's Foundation has continued providing funding for operations and will continue to do so until 2013.

Kids from the Hoi An Children's Home playing games

Program 4: Safe And Sound

Location: Phu Vang District, Hue Province

Local Partner: Hue Red Cross

Who we serve

Safe And Sound is Blue Dragon's program against the trafficking of children from Hue Province to Ho Chi Minh City for exploitation in garment factories. The majority of program beneficiaries are located in Hai Tien village; Phu Dien commune; Phu Hai commune; Loc Dien commune and Vinh Hung commune.

These are very poor areas of the province where fishing, dependant on seasons and climatic conditions, is often the only source of income for families. Many children, as well as parents, are illiterate and unschooled.

What the program offers

Safe And Sound works with communities and families which are being targeted by child traffickers. Program staff work with the Red Cross and local government to rescue trafficked children and return them home; and then support them to live with their families and return to (or begin) education.

Typical conditions in a factory using child labour

The program offers a comprehensive range of support, including the building of homes, payment of school fees, support to find employment, a community centre in one village, a fish breeding program for parents, and emergency relief during natural disasters.

Safe And Sound in 2010-2011:

During this year the program has directly supported 60 children and youth on an ongoing basis. Particular program achievements include:

- Eighteen children were taken from factories and returned home. This number is lower than usual due to the study leave of Blue Dragon's Chief Lawyer, who coordinates rescues trips.
- The program expanded to Vinh Hung commune in Phu Loc district.
- Seven houses were built for families.
- Two houses were repaired and renovated.
- Twenty families took part in a fish breeding project to improve their income.
- Thirteen children received bicycles.
- A summer program of dance and IT lessons were held at the Safe And Sound community centre.

- Two workshops on children's issues were organised with government agencies.
- Staff conducted a pilot research project about child labor in Vinh Hung commune and Hai Tien village.
- Five workshops were organised for families and children on legal and social issues.
- Twenty seven families received emergency rice supplies, and 18 families received blankets.
- Three program beneficiaries studied away from their villages in English and hospitality courses.

Future plans

Building on the success of *Safe And Sound*, we now envision the end of child trafficking from Hue province to garment factories by 2016, and have started the process of mapping how we will achieve that.

In the coming year, this will certainly mean expanding the program by recruiting more staff, conducting rescue trips more frequently, and branching out to new districts of Hue province.

The practical support lent to families will include at least 5 new houses, and for the first time we will work with the government on providing public infrastructure: a road to connect an impoverished village with the nearby highway.

A Hip Hop dance workshop for rescued trafficked kids in Hue

Section 6 Other programs

Legal Advocacy

Blue Dragon's Legal Advocacy service works both across the organisation and within our programs, providing legal advice and practical assistance to children, families, staff and management.

This year, Blue Dragon condensed its experience and knowledge of legal advocacy into a handbook printed in English and Vietnamese: *Guidelines for good practice in providing Legal Advocacy services for children who are in conflict with the law in Vietnam*. This is available free to download on our website (<http://www.streetkidsinvietnam.com/books/>) along with a comic book of legal advice for youth published simultaneously: *Truot Doc, or Slippery Slope*.

A disadvantaged child seeks advice from one of Blue Dragon's lawyers

During much of 2010-2011, Blue Dragon's Chief lawyer was on study leave, but two lawyers continued the work and on his return in June 2011 our legal team is now three full time staff, including one 'embedded' within the *Step Ahead* program.

A summary of the service's main achievements throughout the year follows:

- Nine workshops on Child Rights were held for children and family members, attracting a total of 258 participants.
- Two Child Rights workshops were held for government officials.
- Legal advice was given to 146 children and family members.
- Services were provided to 17 children and youth in conflict with the law (ie arrested and detained).
- Seven victims of crime received legal advice and support.
- Through legal support, 276 children and family members received their legal papers, such as birth certificates and ID cards.

This is a unique service which is an integral part of Blue Dragon's work in Vietnam. In the coming year, the Legal Advocacy team will be responsible for drafting and implementing plans to expand Blue Dragon's anti-trafficking work.

Individual Assistance

Many of the children who come to Blue Dragon for help do not fit into any of the four main programs that we offer. However, as we do not turn away children in need of help, we still provide them with support.

A common example of this is the runaway children we meet through the outreach work done in the *Step Ahead* program. They are children who we reunite with their families, and therefore do not become part of our *Step Ahead* program. However, these children may need some ongoing assistance, such as school fee relief.

As these cases do not fit in elsewhere, we offer a program simply called *Individual Assistance* in which staff and management can directly support any child according to their needs. We normally have 30-40 children receiving *Individual Assistance* every year.

A busy lunch time at Blue Dragon

Section 7 Our finances

Highlights of the 2010 – 2011 financial year

- A slight drop in donations, representing a decrease of 2% compared to the previous fiscal year. This was offset by other income, particularly exchange and interest rates.
- Blue Dragon's expenditure increased 20% compared to the previous year.
- We finished the year with an overall surplus of \$45,198.

Financial Audit

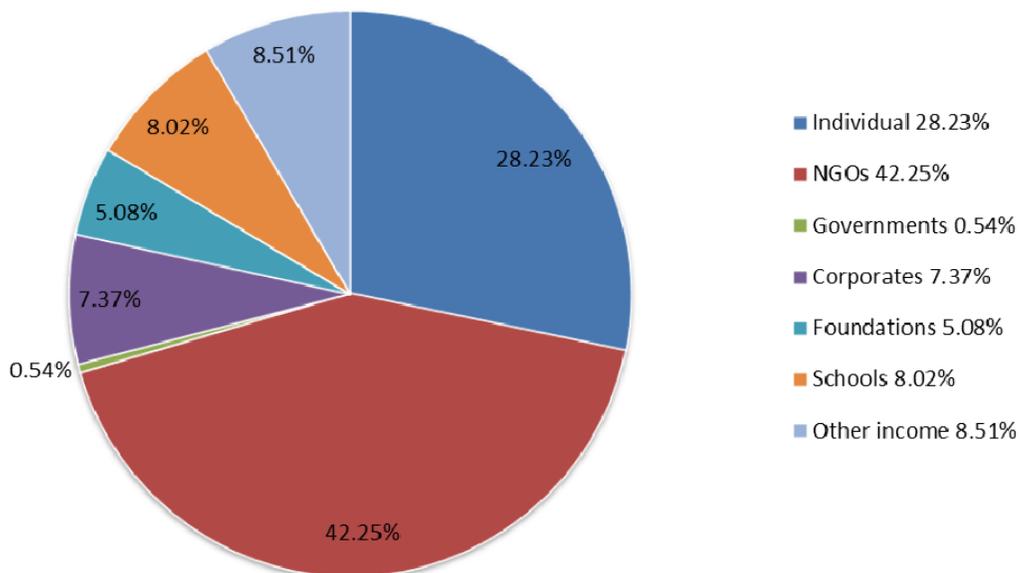

Blue Dragon's accounts were audited for the fifth consecutive year by an independent, external auditing firm (KTC Assurance and Business Advisors). Their auditors concluded on September 30, 2011:

We have audited the balance sheet of Blue Dragon Children's Foundation ("Blue Dragon" or the "Organisation") as at 30 June 2011... In our opinion, the financial statements give a true and fair view of the fund balance as at 30 June 2011 as well as the income and expenditure of the Organisation for the year ended 30 June 2011.

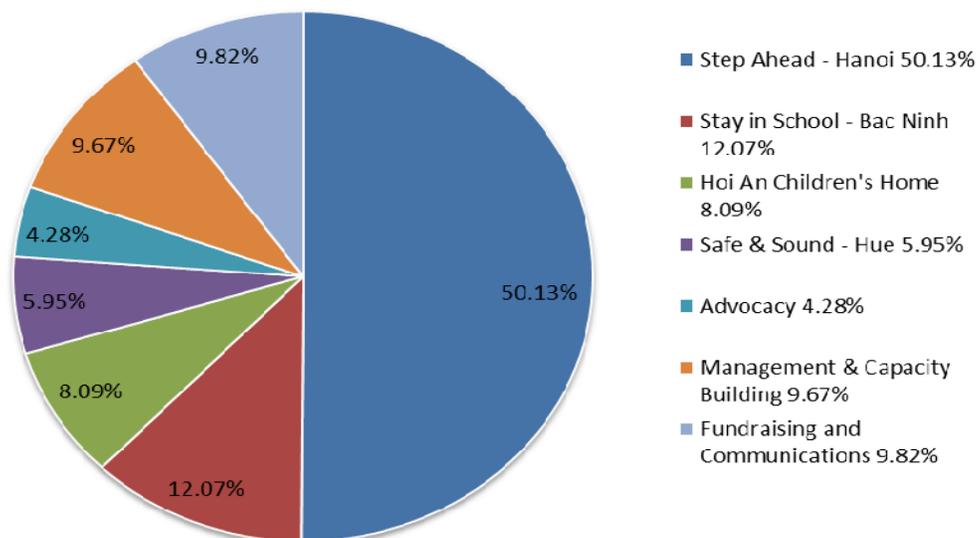

Income and Expenditure for year ended June 30 2011 at a glance

Blue Dragon's accounting records are maintained in Vietnamese dong (VND). 'Currency Variation' in this report, results from changes in the USD/VND exchange rates from July 1, 2010 to June 30, 2011, applied to Net Assets at 1st July 2010.

Section 8

Our friends

Blue Dragon is fortunate to have generous friends around the world who support us by providing the financial and material resources that help us sustain our programs. Without them, we could achieve nothing.

Organisations who partnered with us this year include:

- AFAP (Australian Foundation for the Peoples of Asia and the Pacific)
- CHIA (Children's Hope in Action)
- Intrepid Foundation
- Rally Indochina
- World Vision Vietnam
- 100 Friends

Blue Dragon is also grateful for the talented people who have come to volunteer with us through the following volunteer organisations:

- Australian Volunteers International (AVI)
- Australian Business Volunteers (ABV)
- German Development Agency (GIZ)
- Volunteering for International Development from Australia (VIDA)

Financial and material support has come from a variety of sources and locations around the world. A list of financial supporters is provided below, and listed by category. A particular thank-you goes to World Vision Singapore for funding the bulk of our *Step Ahead* Program.

In addition to the NGOs, embassies, foundations, businesses and schools who support us, we have over 460 individual, private donors who have contributed to helping us achieve our goals. Some donations are small, and some are quite substantial. But all donations are equally important and appreciated in our fight against poverty in Vietnam.
