## Message from the CEO

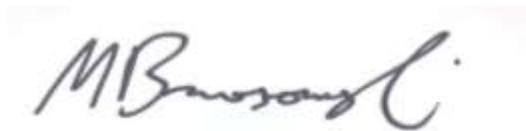

As Vietnam develops and its economy grows, how is the role of Blue Dragon Children's Foundation in providing services to disadvantaged young people changing?

In recent years, the World Bank has classified Vietnam as a Middle Income country. While this is a stamp of approval for the nation's development, one immediate effect is that some major donors and organisations are planning to withdraw their support, removing important safeguards for vulnerable people on the grounds that the country should now be able to look after itself.

While this may be true in sectors of society that have been able to benefit from improved economic conditions, Blue Dragon continues to meet people and communities in dire need of protection. Human traffickers still target and exploit children from ethnic minority villages in remote areas. Street children in Hanoi remain exposed to very serious exploitation and abuse from the first day that they arrive in the city from the countryside. Impoverished families with no legal papers are unable to enrol their children in school, and are forced instead to send their children to dangerous labour situations.

Vietnam is at a critical point in its development. Parts of the economy are doing well, particularly in big cities. However, remote rural areas are lagging far behind. And where the economy is booming, social problems such as illegal drug use and child abuse are increasingly common.

Blue Dragon has an important role to play in protecting Vietnamese children, and we will continue to do so as Vietnam grows, develops, and changes.

Michael Brosowski  
Founder and CEO  
Blue Dragon Children's Foundation

## Section 2

### Who we are

Blue Dragon Children's Foundation is a grassroots Australian charity working with kids in crisis throughout Vietnam.

With education at the heart of everything we do, Blue Dragon sets out to transform the lives of the poorest children and families.

Our kids come from many backgrounds, but all are in difficult circumstances and need a chance to make a change.

We meet the kids on the streets, at their workplaces, or in their homes, and we work with them until they can stand on their own feet, and live happy, prosperous and self-sufficient lives.

Our range of services to children includes:

- *Social Workers*: making individual plans and monitoring children's progress.
- *Child Rights Advocacy*: standing up for kids when they are in conflict with the law.
- *Psychological services*: offering individual and group counselling to assist kids to deal with issues such as anger management, grief and behavioural problems.
- *Career guidance*: helping teenagers and young adults as they choose their career path.
- *Accommodation*: giving kids a place to live in a healthy family environment.
- *School fee relief*: enabling the poorest of the poor to afford a basic education.
- *Vocational training*: offering opportunities for older teens to explore vocational courses, from computing to cooking.
- *Employment counselling*: helping teens to think about their futures, and supporting them to find good jobs.
- *A drop-in centre*: providing a safe haven for children to play and learn.
- *Creative therapy*: engaging kids through drama, art, music and dance.

We see the girls and boys as part of our extended family, and we care for them accordingly.

## Section 3

### Blue Dragon's history

September 2002	Three friends start meeting street kids in Hanoi and offering classes in English, maths, art and yoga.
January 2003	Soccer for street kids begins. The team, called <i>Real Betis Vietnam</i> , meets every Sunday morning.
February – December 2003	The idea for founding Blue Dragon as an official charity grows. About 40 street children receive support from volunteers to return to school and employment.
March 2004	Blue Dragon is registered as an Incorporated Association in New South Wales, Australia.
August 2004	Blue Dragon's <i>Stay In School</i> program is launched, initially supporting 75 rural children in Bac Ninh province, north of Hanoi.
November 2004	Blue Dragon is registered as an Independent Non-Governmental Organisation in Vietnam.
March 2005	Blue Dragon opens a combined office/centre near Long Bien market in Hanoi.
May 2005	<i>Step Ahead</i> , Blue Dragon's program for street children and children with disabilities, is launched as a pilot project.
January 2006	<i>Step Ahead</i> opens a drop-in centre in Hanoi.
October 2006	A residence for homeless children is established in Hanoi.
August 2007	Blue Dragon starts working at the <i>Hoi An Children's Home</i> .
September 2007	Blue Dragon moves to a new location in Hanoi, with a combined office, drop-in centre, and learning centre.
April 2008	Launch of <i>Safe And Sound</i> , an anti-trafficking program based in Hue.
January - August 2009	Blue Dragon's anti-trafficking work gathers pace, attracting media attention and community support.
March 2010	Blue Dragon rescues three kidnapped girls from China. Blue Dragon Children's Foundation International is formed as a not-for-profit company in Australia with a Board of Directors.
January 2011	The number of trafficked children rescued passes 100.
May 2011	Blue Dragon's founder is named a <i>CNN Hero</i> .
January 2012	Blue Dragon's founder is made a member of the Order of Australia.
September 2012	Blue Dragon opens <i>Dragon House</i> , a new centre and HQ in Hanoi.

# Section 4

## Our way

### Our Mission

To provide opportunities and tools that empower the most disadvantaged children and their families to break out of poverty, forever.

### Our Philosophy

Blue Dragon works according to the following ideals:

- *Respect, not pity:* The children we work with are treated with at least the same respect that we would treat our own sons and daughters, brothers and sisters.
- *Development, not charity:* Our work is to help children develop fully as they grow, through providing a broad range of experiences and opportunities. Rather than simply provide a handout, we provide a hand up for those who choose to better their circumstances and themselves.
- *Empowerment, not dependency:* Our role is to provide opportunities for children to pursue as individuals, rather than to force our views or values on to the children.
- *Collaboration, not control:* Our staff work alongside the children and their families, so that the beneficiaries are involved in all stages of our programs, rather than simply being recipients of charity.
- *Massive interventions, not quick-fix solutions:* We tackle the problem of poverty from every angle, rather than focusing on one obvious cause or effect. Our interventions may take years, as we persist until we are successful.

### Our Values

- Blue Dragon cares for the children in our programs. They are a part of our extended family, and not just program beneficiaries.
- Blue Dragon provides safe shelters for children who need a place to escape turmoil.
- Blue Dragon treats the children with the greatest of respect and we include them in every part of our planning.
- Blue Dragon sees children as individuals, with their very own needs, dreams and personalities.
- Blue Dragon hopes that our children will grow up to share our values and concerns for those who are disadvantaged.

## Section 5

### Blue Dragon's programs

#### **Program 1: Step Ahead**

**Location: Hanoi**

**Local Partner: Hanoi Association for the Relief of Handicapped Children**

#### **Who we serve**

*Step Ahead* supports over 400 highly disadvantaged children and teens living in Hanoi. Most are street kids or children living with families affected by drugs, crime or poor health. Approximately 20% of *Step Ahead* children have a physical or mild intellectual disability.

#### **What the program offers**

Each child in *Step Ahead* has an Individual Assistance Plan created through a process of negotiation between Social Workers, the child, and the child's family or caregivers (if any). Individual Assistance Plans take into account all of the children's needs, with the long-term goal of enabling each child to break out of poverty, forever.

*Step Ahead* operates a drop-in centre and two shelters, as well as a host of outreach and social activities specifically for street children and children with disabilities.

A defining feature of *Step Ahead* is its diverse range of services which include school fee relief; individual and group psychological counselling; educational support such as tuition and homework assistance; arts and crafts; social activities; certified computer courses; classes in health, sexuality and behaviour; and providing nutritious meals, clothing and shelter. Children and young people receive support according to need, rather than a 'one size fits all' approach.

#### **Step Ahead in 2012-2013**

During this period, *Step Ahead* services continued to grow and expand to meet the needs of Hanoi's disadvantaged children. In September 2012, Blue Dragon opened Dragon House in Hanoi, which houses the organisation's Head Quarters as well as the *Step Ahead* program centre. This new building allows for considerable expansion of *Step Ahead*'s activities, with more space for classrooms, activities, play areas, and emergency accommodation.

Notable achievements for this period include:

- 246 children received ongoing support based on Individual Assistance Plans, including 47 children with a disability.
- 177 street children were assisted by the Street Outreach team.
- 40 tertiary students were supported with scholarships that included tertiary fees, living expenses and accommodation support to attend universities and colleges in the last financial year.
- More than 60 skills-training workshops for children and young people aged 6 to 22 years old were delivered. Topics included sexual health, living values, friendship and behaviour management.
- Staff organised 17 outdoor learning trips for over 200 children. The children had opportunities to explore their local environment, learn how to protect the environment and visit museums to learn about their history and culture.
- Throughout the year, two Parent's Meetings were held, with the participation of 120 parents and carers of *Step Ahead* children. The meetings were occasions for family members to be more engaged in the program, share information, and for families to learn new skills for raising their children.
- Blue Dragon United Football Club played 181 games, with an average of 70 players per week.
- The opening of Dragon House provided *Step Ahead* with more space for both the drop-in and Education centres. Each day, a minimum of 40 young people visit the drop-in centre or study at the Education Centre.
- We opened a second centre, the Early Intervention Centre, for children from 6 -12 years old. Social workers at the EIC teach life skills and the Living Values program, with age appropriate interventions for children who are already working on the streets.
- *Step Ahead* collaborated with Vietnamese police on over 20 separate cases of child assault.

### **Future plans**

- Further develop our network with other NGOs and local Vietnamese organisations in order to provide more comprehensive services to Blue Dragon children.
- Expand our work for children who are in crisis. Focus on street children and the most disadvantaged children who cannot find support anywhere else.
- Develop a mentor program so we can teach social work skills to former street children who can then come back to work with other children.
- Organise a range of workshops for parents to improve their parenting skills.
- Develop a manual on the topic *Social work with street children* to share with tertiary institutions and local organisations.
- Conduct an evaluation of the *Step Ahead* program to assess the program's impact, and identify areas for improvement.

## **Program 2: Stay In School**

**Location: Bac Ninh Province**

**Local Partner: Bac Ninh Red Cross**

### **Who we serve**

*Stay In School* provides educational support to disadvantaged children in Yen Phong and Thuan Thanh districts in Vietnam's northern Bac Ninh Province. The program provides targeted support for students in Grades 5-12 from financially disadvantaged families, as well as orphans, young people with disabilities and families affected by HIV/AIDS.

In 2012-2013, 805 students across 32 schools and 20 tertiary students received support.

### **What the program offers**

*Stay In School* is a 'preventative' program, aiming to keep children in school, and reduce the school drop-out rate. Children in rural areas who are forced to drop out of school due to poverty are at risk of travelling to cities to live and work on the streets, being exploited for child labour, and becoming victims of human trafficking.

Each child in *Stay In School* receives support to enable them to attend school. Blue Dragon provides all school equipment – including a school bag, text books, note books, stationery, and school uniform – and pays school fees and insurance directly to each school.

Apart from direct school support, *Stay In School* provides encouragement to the children and their families through activities, events and additional support:

- An Opening Ceremony to celebrate the start of each school year (August).
- A Tet (Lunar New Year) celebration in which all program participants receive gifts (February).
- A Closing Ceremony to celebrate student results (May/June).
- Bicycles for children living far from school.
- Teaching and learning facilities for financially disadvantaged schools.
- Occasional workshops for students on topics such as human trafficking and drug use.
- A limited number of tertiary scholarships for Year 12 graduates.

### **Stay In School in 2012-2013**

During 2012-2013, the program provided the following:

- Supported 805 school students, up from 765 in the previous year.

- Supported 20 tertiary students from Bac Ninh Province at universities and colleges in Vietnam.
- Provided 77 bicycles to students.
- Organised two Career Orientation workshops for high school students, three life skill workshops for secondary students and a technology workshop for tertiary students.
- Provided teaching and learning facilities for five schools.
- Gave 62 sets of study desks, chairs and lamps to program beneficiaries.
- Commenced building a house for the family of a child with a severe disability.
- Took two children to hospital for surgery and two children with special needs for physical therapy.
- Held successful opening and closing ceremonies as well as Tet celebrations in each district.

### Future plans

Over the coming year, *Stay In School* aims to:

- Review the program strategy and assess all program beneficiaries.
- Introduce up to 10 new scholarships to tertiary students, bringing the total to 30.
- Build toilet blocks in two schools, and introduce Hygiene Programs to the school communities.
- Organise a career orientation workshop for senior students.

### **Program 3: Safe And Sound (Hue)**

**Location: Phu Vang District, Thua Thien Hue Province**

**Local Partner: Hue Red Cross**

#### **Who we serve**

*Safe And Sound (Hue)* is Blue Dragon's anti-trafficking program for children from Hue Province to Ho Chi Minh City for exploitation in garment factories. The majority of program beneficiaries are located in Hai Tien village and Phu Dien, Phu Hai, Loc Dien, Vinh Hung, Loc Tri and Huong Phu communes.

These are very poor areas of the province. The main source of income is from fishing, which is dependent on seasons and climatic conditions. Many children, as well as parents, are illiterate and unschooled.

#### **What the program offers**

*Safe And Sound* works with communities and families who have been targeted by child traffickers. Program staff cooperate with the local government to rescue trafficked children and return them home. They are then supported to live with their families and return to (or begin) education.

The program offers a comprehensive range of support, including the building of homes, paying school fees, support to find employment, a community centre in one village, a fish breeding program for parents, and emergency relief during natural disasters.

#### **Safe And Sound (Hue) in 2012-2013**

During this year, the program has directly supported 224 children and young people on an ongoing basis. Program achievements include:

- 29 children were rescued from factories and returned home.
- The program expanded to Vinh Ha commune in Phu Van district.
- Four houses were built for families.
- 17 families took part in a fish breeding project to increase their income.
- 50 children received bicycles.
- Four major events were held for children in target areas, including sports, arts, Full Moon Festival and Halloween.
- Seven workshops on child labour and social issues were organised for children.
- One workshop on child labour was organised for parents.
- One workshop for the owners of factories was organised in HCMC.
- A New Zealand school group upgraded the community centre in Loc Dien commune.

- 587 people in Loc Dien and Loc Tri communes of Phu Loc district received citizen registration papers.
- Four program beneficiaries have graduated from vocational training courses.
- Two young people entered vocational training courses, one in baking and one in hairdressing.
- One family had their home connected to the electricity supply system.

### Future plans

Blue Dragon's partnership agreement with the Hue Red Cross has come to an end, so a high priority for the next financial year is to create a new partnership in order to continue implementing the *Safe And Sound* program. In addition, the program aims to:

- Create an educational website on labour trafficking for young people in Hue.
- Broadcast public service announcements on the topic of child labour to 40,000 people.
- Publish an educational brochure on labour trafficking for school children.
- Publish a manual on the prevention of labour trafficking, and processes for identifying and locating victims of trafficking.
- Organise at least five workshops for families and children on labour trafficking issues.
- Provide direct support to approximately 230 children in high risk areas.

## **Program 4: Safe And Sound (Dien Bien)**

**Location: Tuan Giao and Muong Ang Districts, Dien Bien Province**

**Local Partner: Dien Bien People's Committee**

### **Who we serve**

*Safe And Sound (Dien Bien)* was established in 2013 to protect and support children and young people in Dien Bien province at high risk of being trafficked for labour and sex. Since 2011, Blue Dragon has been aware of children and young people, aged 10-20, being targeted by human traffickers who deceive them into thinking they are being offered jobs, training, or genuine relationships, but instead enslave them in sweatshops or brothels.

Muong Ang and Tuan Giao districts of Dien Bien province are remote areas of north-west Vietnam, home to 40,000 and 71,000 people respectively. Their populations are largely ethnic minority communities including the Hmong, Thai and Kho Mu minorities. Many people in these mountainous areas do not speak Vietnamese as their native language, and with very low levels of education, the people are highly vulnerable to human trafficking.

### **What the program offers**

*Safe And Sound (Dien Bien)* is a newly created program. Blue Dragon received permission to conduct this program in January 2013 and at this time is looking for funding to take action.

Similar to *Safe And Sound (Hue)*, the program actively finds and rescues children who have been trafficked, and returns them to their homes. Ongoing support is then provided, including school fee relief, training for police and government officials, community development activities, and a comprehensive range of services for impoverished children.

### ***Safe And Sound (Dien Bien) in 2012-2013***

Although the program is very new, we have nevertheless had some noteworthy accomplishments:

- 37 children were rescued from sweatshops in Ho Chi Minh City and reunited with their families.
- 19 children returned to school. Three young people joined vocational training programs in Hanoi.
- Two workshops on anti-trafficking and child labour were held for local officials (86 people in total).
- One beneficiary and her father were taken to hospital for a health check and surgery.

## Future plans

During 2013-2014, Blue Dragon aims to conduct at least four rescue operations to find children and young people who have been trafficked from Dien Bien province and bring them home. We expect to build a house for one family, offer four training sessions on anti-trafficking for government officials, and conduct a campaign to register local people with the government.

## **Program 5: Hoi An Children's Home**

**Location: Hoi An Town, Quang Nam Province**

**Local Partner: Quang Nam Union of Friendship Organisations**

From 2007 to 2010, Blue Dragon managed the Hoi An Children's Home, running the Home for 30 children from disadvantaged families around Quang Nam province.

As planned, we handed the Home over to a locally based organisation in 2010: Children's Hope In Action (CHIA). CHIA now runs the Home and provides for the residents.

Although CHIA is fully responsible for the Home, Blue Dragon Children's Foundation continued providing funding for operations until early 2013. Since that time, CHIA has fully funded and managed the Home.

Blue Dragon continues to support tertiary students from Hoi An Children's Home.

## Section 6

### Other Services

#### Legal Advocacy

Blue Dragon's Legal Advocacy is a service that operates across the organisation and within our programs, providing legal advice and practical assistance to children, families, staff and management.

The Blue Dragon Legal team consists of one Psychologist and three Lawyers who are passionate about children's rights, and are engaged in the fight against child trafficking. A summary of the service's main achievements throughout the year follows:

- 672 children, family members and victims of human trafficking were provided with legal advice.
- 20 children in conflict with the law were provided with representation and legal support.
- 11 workshops were held for children, family members and government staff attracting a total of 296 participants.
- 1,227 people received support to obtain legal documentation, including two campaigns of legal registration in Hue province to obtain identification cards, birth certificates, family record books, certificates of marriage and driving licenses.
- A total of 106 victims of human trafficking were rescued, including the 29 children reported in *Safe And Sound*, 37 children reported in Dien Bien Project and 40 in *Project X*.

Blue Dragon's Legal Advocacy is a unique service that is an integral part of our work in Vietnam. In addition to the listed achievements, the Legal team has been involved in establishing Blue Dragon's new program *Safe And Sound (Dien Bien)*. See Section 5.

One final area of the Legal Advocacy team's work pertains to the rescue and repatriation of Vietnamese girls and young women trafficked into China. We refer to this work as *Project X*, although the program does not yet have a formal partner or separate program registration. During 2012-2013, the Legal Advocacy team achieved the following as part of *Project X*:

- 29 girls and young women were rescued from brothels after being trafficked and returned home.
- 36 trafficking victims, rescued by Vietnamese and/or Chinese police, received assistance to return to their homes from the Vietnamese border.
- Eight young women received support to return to education, including three to attend college.
- 20 victims of trafficking were taken to hospital for health checks.

- One young woman was assisted to attend drug rehabilitation.
- Three victims of trafficking were provided with representation in court and five trafficking rings were prosecuted.
- Three group therapy sessions were held for victims, as well as approximately 500 individual counselling sessions.
- Seven young women were provided with ongoing support for housing, living, and education expenses.

## Section 7

### Finances

#### Highlights of the 2012 – 2013 financial year (July 1 – June 30)

- A significant growth in Total Income (19.7%).
- A 42.9% growth in Total Expenses due to the expansion of Blue Dragon programs and the opening of Dragon House.
- We finished the year with an overall deficit of \$31,250. This is our first ever deficit, and during the coming year we are budgeting to break even.

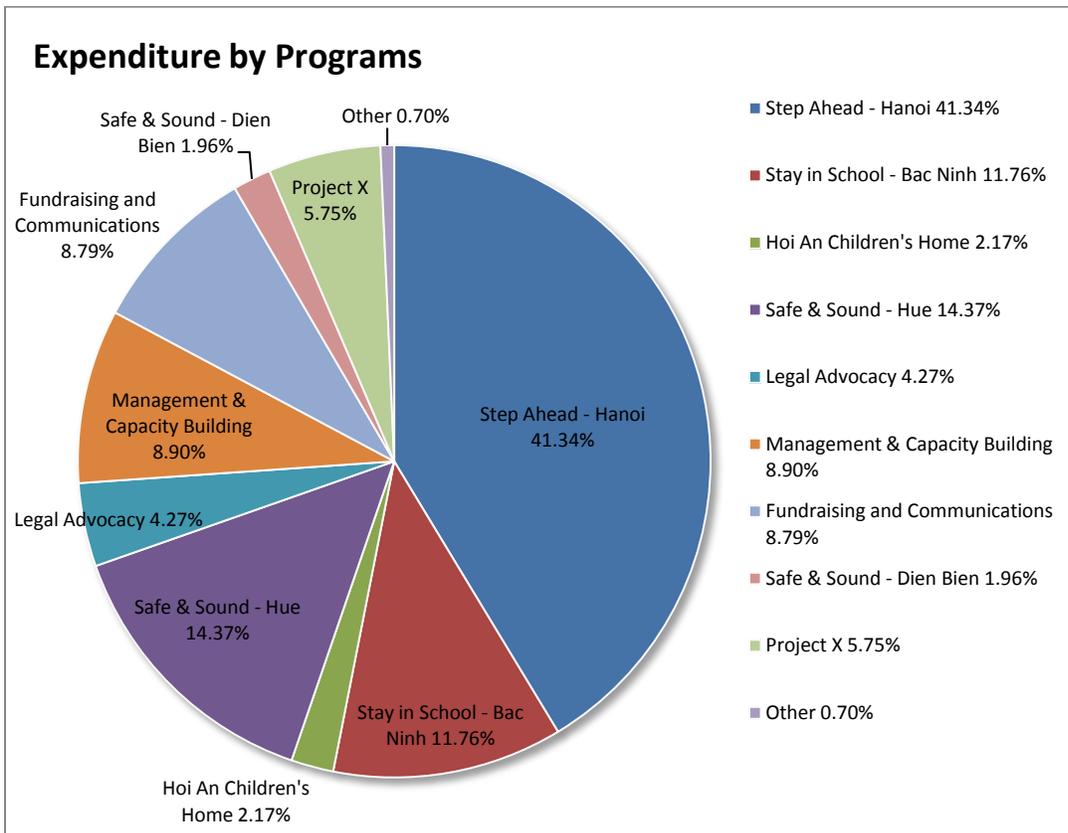

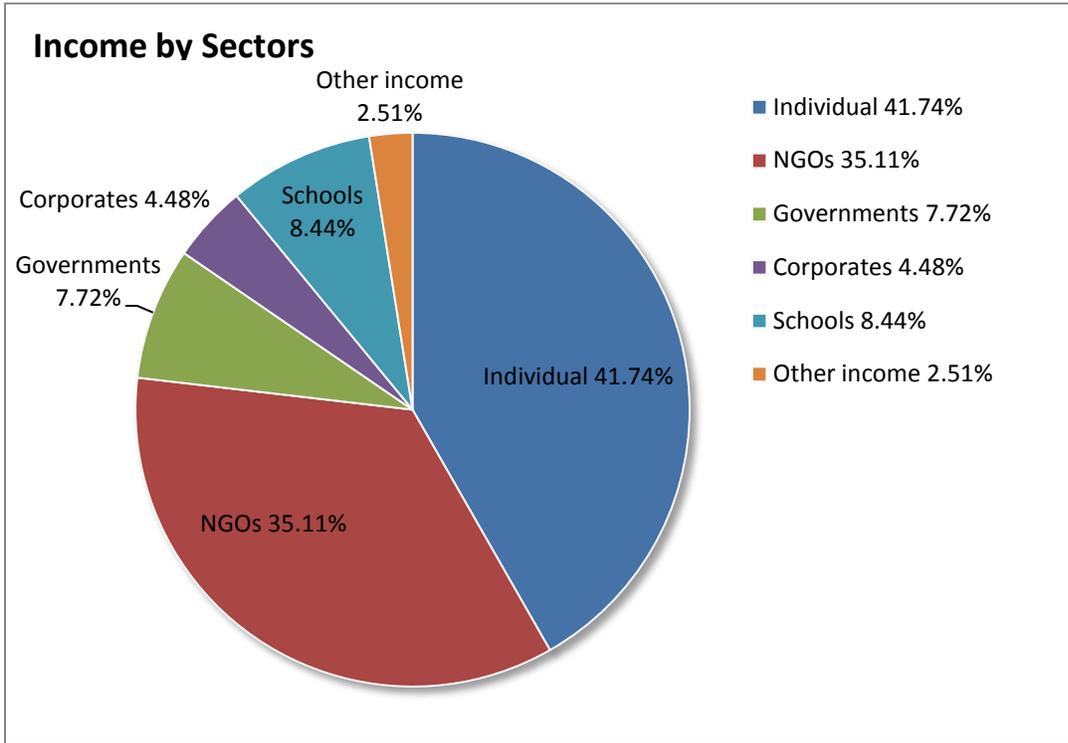

#### Financial Audit

Blue Dragon's accounts were audited for the fifth consecutive year by an independent, external auditing firm, KTC Assurance and Business Advisors. Their auditors concluded on September 15, 2013:

*In our opinion, the financial statements of the Organisation as at 30 June 2013 and for the year ended 30 June 2013 are prepared, in all material respects, in accordance with the accounting policies as described in Note 2 to the financial statements.*

**Income and Expenditure for year ended June 30 2013 at a glance**

## Section 8

### Blue Dragon's Supporters

Blue Dragon Children's Foundation has received the support of many committed individuals and groups since 2003. We are grateful to all who have given us the benefit of their expertise, their moral support and tireless fundraising, and the in-kind and financial support that sustains our programs. Together, we are committed to achieving our goal of alleviating poverty in Vietnam by working long-term with kids in crisis and their families.

Organisations that provided program partnership in 2012-2013 include:

- 100 Friends
- Splash (formerly A Child's Right)
- Australian Foundation for the Peoples of Asia and the Pacific (AFAP)
- Children's Hope in Action (CHIA)
- Giving it Back to Kids
- Intrepid Foundation
- Rally Indochina Vietnam
- The Big Umbrella
- Urban Care

Financial and material support has come from a variety of sources and locations around the world. A particular thank you goes to World Vision Singapore and World Vision Vietnam for funding the bulk of our *Step Ahead* Program.

### **Individuals**

We have hundreds of supporters from all around the world who fundraise for us, make personal donations even when times are lean, and who help us spread the word about the plight of disadvantaged kids in Vietnam. Many are old friends who continue their support year after year. Many are visitors or volunteers to Blue Dragon who stay connected. Some donations are small, some are substantial – and all are equally important and appreciated.

Blue Dragon is also grateful for the talented people who volunteered with us through the German Development Agency (GIZ), Accounting for International Development (AFID) and Ford Motor Company, as well as the many individual volunteers who support the delivery of our programs.
